Signature Events Overview (Carrie Miller, Ohio Union)
- Intent of the overview is so that the CSA has the background information prior to the upcoming review and selection process.

- Original purpose of the Signature Events program was to maintain traditional and well-funded events.

- Events that met particular criteria were approved for a three-year funding commitment; in return, they were responsible for a yearly Memorandum of Understanding and meeting certain goals each year, including assessment.

- Original three-year contract is up, committee has been formed to review reapplications as well as new applications. Part of the committee’s responsibility is to assess whether or not the program is a good fit for the Signature Events program, since these events cannot receive funding from other offices.

- Committee will include both CSA members and non-members.
- Timeline
  - 11/2/12: Committee recommendations due to Peter Koltak
  - 11/13/12: CSA will discuss the nominated events
  - 11/27/12: CSA will vote on after the second reading

Good Samaritan Policy (see http://www.purdue.edu/newsroom/general/2012/120301CordovaLifeline.html)
- Purpose is to incentivize (or remove disincentives) for students to seek help in alcohol or drug related incidents.

- Questions include, but are not limited to:
  - Are protections already built into Ohio laws?
  - Do we know that students currently feel deterred from calling for help?
  - Should we consult with colleagues at Purdue to get more information about their process?

- Agreed that others should be part of the conversation about developing a policy; possible candidates include:
  - Anne Evans, who wrote the new student conduct code
