COUNCIL ON STUDENT AFFAIRS MEETING AGENDA
OHIO UNION, SPHINX LEADERSHIP SUITE – 3:30PM – NOVEMBER 5TH, 2018

Meeting begins at 3:40 pm

Present: Sara Mueller.352, Caroline Karwisch.2, Peyton Batiato, Laureen Smith.5764, Elizabeth Painter.134, Justin Khol.4, , Kyle Boyle.282, Lindsay Marx.78, D'Andra, Mull.67, Anthony Long, Chase Moore, Amy Darraugh, Kristyn Gumper, Lane Washington, Matthew Hamrick Proxy: Shivani Patel.2152, Matthew Couch, Julie Dantzler, Jordan Vajda, Esperanza C. Blanco, Weidong Li

Old Business

1. Approval of Meeting Minutes
 - a. Motion: Kyle Boyle
 - b. Approved: Elizabeth Painter
2. Allocations
 - a. Appeal
 - i. Dr. Mull: Appeal the former denial.
 1. Analysis:
 - a. “Primary [majority] student attendance”
 - b. Non-Partisan activity stated in the proposal. Acknowledge what the speaker is bringing and not what potentially what can happen.
 2. CSA needs to review composition for event planning across the board.
 3. Question: Laureen Smith: Did the Counsel make recommendation to approve or denial?

“CSA serves as the principal link between students, the student governments, the faculty and administration to encourage a sense of community and improve the quality of student life on campus.”

- a. Mull: They did, but CSA has full control or jurisdiction to make decision. Legal makes informed recommendations based on precedent.
- 4. Khol: Can we review the first proposal?
 - a. Counsel, Phone: Based on precedent, you can view both, but the appeal is the most up-to-date document.
- 5. Batiato: Student centered event or primary attendance?
- 6. Member: Can we make sure that our funds are used correctly?
 - a. Per our body, we do not police the actual use of funds. We are an allocating body—not to control what happens afterwards.
- 7. Sara Mueller: What are we trying to do? Do we need to revote? Does this happen for other orgs? Is this protocol?
 - a. Mull: We should consider the implications and decisions that have been made with how we made the decision to decline.
- 8. Peyton Batiato: We aren't focused on how organizations are funded, but if we find that the event is partisan, can we retract funding?
 - a. Mull: If monies are for food have exceeded the 40%, but never have we retracted funded. Reimbursement is protocol.
 - b. Marx: Budgets can be "tweeked."

"CSA serves as the principal link between students, the student governments, the faculty and administration to encourage a sense of community and improve the quality of student life on campus."

- c. Couch: It's within CSA rights to do so, but in this case, there is a lot of interpretation of political activity. If we should start to legislate partisan nature, it would oppose neutrality we have adopted to govern our process and approvals.
- 9. Marx: There's nothing written in the guideline about who and how to evaluate reimbursement for events.
- 10. Long: We will review this idea later, post-this proposal.
- 11. Marx: The initial proposal had no statement about majority of students.
- 12. Couch: Can't use state monies to lobby the state.
- 13. Karwisch: We need a definition of what "partisan" means in our by-laws or student organizations requesting funds.
- 14. Couch: Yes, we need a clarifying question for Legal too.
- 15. Sara Meuller: It is not clear. "Not necessarily..."
 - a. Long: He can't control what questions may be spoken, and we don't know what questions may be asked.
- 16. Mull: Is this event campaign or lobbying?
- 17. Grumper: His TALK will "not necessarily" be partisan...
- 18. Mull: They have a 501(c)3 and they are trying to protect that status. "We are a 501(c)3 organization and we are not permitted to condone any partisan politics..."
- 19. Le: We can't assume what is going to be talked about...

"CSA serves as the principal link between students, the student governments, the faculty and administration to encourage a sense of community and improve the quality of student life on campus."

20. Boyle: Here we are disgusting what HE will speak in the first 30 minutes not questions that may come forward via participants.
21. Couch: For allocations, when clarifying for lectures, why?
22. Boyle: For most allocations, we want to make sure we are within guidelines. "we want to make sure we are keeping the standards across all organizations" what is being discussed.
23. Smith: Is this detail in the application? Explicit? To know that you have to provide that much information.
24. Boyle: It is not as detailed enough.
25. Smith: We can't hold them to that "standard" them.
26. Smith: Did you hold them accountable for this group.
27. Boyle: There were more.
28. Grumper: Motion to close discussion.
29. Second: 5
30. Deny: 7
31. Floor still open.
32. Peyton Batiato: Vague wording is in the bylaws. 501(c)3 is allowed to do lobbying. "May engage in lobbying..."
33. Mull: Do we believe that political political lobbying?
34. Smith: We can't allow bias into conversation?
35. Mull: Yes, this is a neutral body.
36. Grumper: Urge counsel to approve appeal because to the best of their knowledge, they are not trying to lobbying. Based on the topic, this should be approvable.

"CSA serves as the principal link between students, the student governments, the faculty and administration to encourage a sense of community and improve the quality of student life on campus."

37. Mull: The group is 501(c)3 and cannot lobby.

38. Sara Mueller: The process has continued over the last few weeks.

What is closed and what is not?

39. Mull: The group is a biased process because of a political persuasion. CSA can make more decisions and I decided as admin to move forward to legal.

40. Li: Based on the proposal and appeal? Why are we guessing about lobbying?

41. Li: Motion to approve and fund the proposal.

42. Grumper: Second.

43. All in favor: 7

44. Opposed: 5

45. Motion Passed and approved.

ii. Grumper: Motion to the chair to create sub committee to review allocation bylaws.

iii. Long: I hear and these thoughts are in consideration.
