9 **Whereas** the Council on Student Affairs (CSA) shall allocate the Student Activity Fee (SAF) in
10 the best interest of all students at The Ohio State University, and

11
12 **Whereas** the Operating Procedures of CSA state that “the student governments shall receive a
13 minimum of 10% of the fee”, and

14
15 **Whereas** of that percentage, CSA currently allocates 65% to Undergraduate Student
16 Government, 25% to the Council of Graduate Students, and 10% to the Inter-Professional
17 Council, and

18
19 **Whereas** the current allocation of the SAF to Student Governments sits at 8.42% of the variable
20 allocation of the SAF, and 7.10% of the total SAF, and

21
22 **Whereas** the total SAF Allocation for FY16 is \$4,182,000.00, and

23
24 **Whereas** those percentages equate to the Student Governments receiving only \$295,569.92 of
25 what should be \$418,200.00, and

26
27 **Whereas** CSA currently has excess money in the SAF cash balance.

28
29 **Therefore Let it Be Resolved** that CSA immediately move \$122,630.08 to Student
30 Governments at The Ohio State University, and

31
32 **Let it Further Be Resolved** that those dollars be distributed amongst the three student
33 governments via a 50-35-15 split, rather than the 65-25-10 allocation previously stated, and

34
35 **Let it Further Be Resolved** that any official documentation of the SAF Allocation report on the
36 percentages based on the overall allocation rather than just the Variable Allocation.
